The first kilometre of the journey is on Milton Regis Viaduct, this reinforced concrete structure consists of 118 spans and six bridges. Constructed a hundred years ago. The Railway has invested a further £20,000 into maintenance of the structure during winter 2015/16.

The Railway is also keen to hear from any companies who would like to sponsor it, please contact info@sklr.net to offer your support.

Information for the media:

1. The Railway is rare in the preservation world as it was donated by the then mill owners, Bowater's United Kingdom Paper Co Ltd, in 1969 for preservation and still uses original locomotives, equipment and buildings. The SKLR is now the longest continuous operator of the railway and is operated and maintained entirely by volunteers.
2. Following a fire in June 2014, the last of the Railway's usable buildings was destroyed at Sittingbourne Viaduct, prompting the relaunch of the Railway's SOS Campaign - this time to Sort Out Sittingbourne - with the aim of raising £75,000 to improve visitor and staff facilities at Sittingbourne Viaduct station.
3. The SKLR is a registered charity, number 1057079. Postal address: SKLR, PO Box 300, Sittingbourne, Kent, ME10 2DZ.
